

PERSONAL MENTION

Albert Watson of Goldfield was in the city yesterday.

J. J. Kennedy of Salt Lake is in the city, and is a guest at the Merchants.

N. E. Otterson, the machinery man of Goldfield, is in the city on a business trip.

Miss Ethel Murphy of Goldfield is in Tonopah, visiting her friend, Miss Frances O'Meara.

William C. Davis is in from Goldfield, where he has been looking after his extensive interests.

W. C. Russell, who has been in San Francisco on a short trip, returned home on Sunday.

J. J. Trimble left on Sunday for Battle Mountain, where he has a mining deal under negotiation.

Mrs. George Money, sister of W. J. Douglass, is here on a visit from Carson City to Mr. and Mrs. Douglass.

Alexander T. Johnson, general manager of the Spider and Wasp mine, left for Wonder on Sunday night.

Miss Helena Hill of this city has been appointed stenographer in the office of United States District Attorney Sam Platt.

Louis Finnegan, one of the founders of the town of Goldfield, came over yesterday morning from the neighboring city on a business visit.

C. K. Wise, who has been away for six weeks, and who took with him his daughter to place her in school in the East, returned to Tonopah yesterday.

Jack MacKenzie, chief of the fire department, who has been inspecting the department of Reno and the waters of Walley Springs, returned to the city yesterday.

Oswald Stine, mining expert and engineer, has gone to Rhyolite to take charge of the property of the Rhyolite Bullfrog Mining Company at Red Mountain.

W. J. Gunn, the well known mining engineer, arrived yesterday morning from Reno, and will be here for the next few days, and thence proceed to Oas.

Mrs. L. B. Epstein and Mrs. C. B. Day, mother and sister of Harry Epstein, the well known broker, are here from Carson City. Mrs. Day is accompanied by her two children.

W. C. Howard, the architect, went down to Rhyolite to begin work on several buildings for which he has drawn plans, one of them being the new clubhouse for the Rhyolite Club.

Puddy Grimes, the recorder of Nye county, returned from Sacramento yesterday, and reports that Mrs. Grimes, on account of whose health he was called away, is much improved.

Ray Baker left by auto with a party yesterday for Ubehebe. In the party were J. G. Richardson and Mrs. Richardson of Atwood, J. Walsh, a capitalist from Los Angeles, and Dr. J. D. Stephens.

Morris B. Dudley left for Los Angeles on Sunday night. Mr. Dudley was formerly connected with the telephone company in Manhattan, and is now a member of the Los Angeles stock exchange.

C. R. Scott has returned home from a visit to Salt Lake. He says that conditions are much improved in the Mormon City, and that there is a great deal of inquiry there regarding southern Nevada.

John J. Mullen, secretary of the Spider and Wasp, who, with Mrs. Mullen, has been East for nearly a month, was one of the passengers who arrived yesterday morning. He was accompanied by his wife.

Reese Wampler and H. J. McGhan of Goldfield arrived from Round Mountain yesterday after an inspection of the Round Mountain Fairview, in which both are interested, and left last evening for Goldfield.

William Ash, manager of the Tonopah Liquor Company, returned yesterday from San Francisco, where he went some weeks ago on account of the serious illness of his wife. He left Mrs. Ash in much improved health, and well on the road to recovery.

Mr. and Mrs. E. W. Haffey arrived in Tonopah on Sunday. The couple were married on September 16, at Sacramento, the bride being Miss Effie Gray. The bride and groom spent their honeymoon in San Francisco and other California cities. Mr. Haffey is the baggage master at the depot and was as busy as ever yesterday.

Edward Dale has been appointed manager of the Southern Nevada Mercantile Company, and will enter upon the discharge of his new duties this morning. Mr. Dale comes here from Millers, where he has been connected with the Dale Bros., and he brings with him a splendid reputation for executive ability, and he has a wide experience in the management of kindred institutions to the Nevada Mercantile Company.

Rings Dyspepsia Tablets do the work. Stomach trouble, dyspepsia, indigestion, bloating, etc., yield quickly. Two days treatment free. Ask your druggist for a free trial. Sold by Tonopah Drug Co.

FASCINATION IS STRONG UPON HIM

FRESH FROM UBEHEBE, YOUNG MAN GOES EAST TO ADVISE FRIENDS.

A. V. Gillingham, fresh from Ubehebe, and with the fascination of that country still strong upon him, goes East tonight to tell to his friends the wonders he saw, and to bring back with him, doubtless, men we are looking for the right kind of investment. Mr. Gillingham will also advise his young friends who are stagnating in the atmosphere of the Eastern cities to drop their books and their accounts, doff their fine raiment and come West. He himself has lived all his life in the big cities, his father being auditor of the Pennsylvania Central Railway, but he wants no more of city life until he has made his independent pile.

"Once a man has enjoyed the freedom of the desert," said he, "the air of the big cities becomes stifling to him. A man is a fool to keep his feet under a desk in Philadelphia or New York, undergoing the daily grind of commercial life, when this great desert is open to him. He is wasting his time and his existence. A young man goes into an office there, and he has to work his way up, and wait for his promotion as if he were in the army. Where there is one opportunity in the city, there are a hundred, yes, a thousand in this country.

"The place from which I have just come, Ubehebe, is a fitting example of this. Look at the chances there are in that district. See what is being converted into. Why, I would rather work with a pick and shovel in this country than with a pen and ink in a metropolitan city. There is the feeling that one is working for himself, and that what he gets comes out of the ground; that he is taking nothing away from anybody, that he is making the world the richer; and that he is doing something that is not only helping himself, but may help many others. It is a glorious life, and when a man does strike it, what do the few years that he has put in tolling for it amount to?"

"There are plenty of other opportunities for a young man, where he can apply the knowledge he has acquired in office work. The salaries they pay in the East are as nothing as to what are paid on the desert. There are hundreds of young men in the East to whom a salary of \$150 a month looks like a princely offering; it is something there to work up to. Here it is only a starter for the right kind of a man, and the heights to which he may attain, while still on salary, are practically without limit.

"I expect to be gone about a month, and then return to Ubehebe and I will probably bring representatives of capital with me, for if I can make people see Ubehebe as I see it, I ought to bring back an army with me."

"I expect to be gone about a month, and then return to Ubehebe and I will probably bring representatives of capital with me, for if I can make people see Ubehebe as I see it, I ought to bring back an army with me."

FINE EXHIBITION OF LEAF LEDGERS

There are now on exhibition in the office of The Bonanza, samples of leaf ledgers with the lock system, which have just been completed in The Bonanza bindery. The public in general, and the accountants, mining office men and brokers, in particular, are invited to visit the office for an inspection of the work that is being turned out. To those who have not had any work done by the bindery, the manner in which it is turned out will be a revelation.

We maintain, as we have right along, that the work, the execution and finish, cannot be excelled anywhere in the state, and nothing better can be turned out in San Francisco. It will pay to have your work done at home, and once you do this, you will do it ever after.

Midland R. Hwy.

Round trip excursion tickets will be sold from Reno September 30, October 1 and October 7 to Missouri river points and east as far as New York and Boston. Ninety days limit. Ten days going transit. Stopover, observation Pullman sleepers, Ogden to Denver without change. Over the mountains by daylight. Unexcelled dining cars. For reservations, etc., write or wire, L. H. Harding, G. A. Salt Lake, Utah.

Ask for your tickets via the Colorado Midland. 9-27-to-10-7.

SOMETHING ABOUT MILK.

The best is the safest. The safest is the cheapest. For the safest and cheapest always call the Local Dairy, phone 1785. 9-27-tf

Corporation seals of every description furnished on the shortest notice by the Bonanza.

The Richard Hardware Co.

MADIGAN AND BOOTH IN HIGH GRADE

TWO DAISY LEASERS TAKING OUT RICH DOPE AND DEVELOPING PROPERTY.

Both the Madigan and Booth leases on the Round Mountain Daisy property are in high grade milling ore, with an occasional specimen pocket showing up. The pay streak in the Madigan workings, which was mentioned in last week's Nugget, has widened and is holding strong in values. Everything being taken out now is milling ore and Mr. Madigan is sacking high grade daily. A mill is almost imperative now on Daisy hill and it's a pretty safe bet there will be one up there by the first of the year.

Walter Booth, in charge of the Booth Daisy lease, sprung a somewhat more than mild sensation about Tuesday and Wednesday by announcing that he had picture rock in the old Keyes shaft. Several high grade stringers have been exposed and are being worked. Pannings show values up in the thousands and this Daisy lease promises to be Booth's second bonanza.

The Crescent lease of Cy Johnson is making good headway under the able management of Superintendent Wm. Mattley. Cross cutting has begun from the 100-foot level and the changed formation gives indication of the nearness of the vein. Bernard I. Cahn, one of the principal stockholders of the company and a prominent attorney of New Orleans, left for his home on Wednesday, after making a thorough inspection of the property. Mr. Cahn expressed his entire satisfaction at results thus far obtained and is quite enthusiastic over the prospects of his company finding ore.—Round Mountain Nugget.

RETURN OF WELL-KNOWN ENGINEER

JAMES McCAMBRIDGE IS BACK WITH SOME FINE SILVER SPECIMENS.

James F. McCambridge, the well known mining engineer, has returned after an absence of five weeks, from a trip to Camp National, bringing with him some of the finest specimens of silver ever seen in any country. Camp National is eighty-five miles to the northeast of Winnemucca, and the strike there was made in the latter part of June by Jesse Workman and Lew Davis. It is the first strike on record made by automobile. Mr. McCambridge went out to inspect the strike and so pleased was he with the outlook that he has taken up the extension.

"It is a great country, to my mind," said he, "and the boys are taking out shipping ore. They have a shaft down thirty feet on the ore, and the width of the vein is from one and a half feet to four feet in porphyry. The ore is a heavy sulphide, carrying chloride in abundance. There are twenty-three claims in the group. Workman and Davis have been very busy during the past two months, surveying, monumenting and doing their location work.

"The country is mountainous, and there is plenty of water. Fuel is rather scarce; the supply coming from the sagebrush in the valley below, which is cut by the Indian at \$2.50 a cord. There is a haul of eight miles to the camp. A wagon road has been broken into the camp with much hard work, and there is an abundance of hay, which is to be had for \$7 or \$8 a ton.

"There was considerable mining done in the country a number of years ago. The old Ohio mine, nine miles south of the camp, supplied a ten-stamp mill for several years. There was also a five-stamp and a three-stamp mill in operation in the early days, and there was placer work done on Flat creek, Slate creek and Skull creek in the early days by Chinamen, who were driven away by the Indians.

"An Idaho crowd has taken hold of some property, which they have named the Midas. On the ground which I have taken up there is considerable float, which looks good. I think very well of this district, and in my opinion, Camp National is going to make a big district."

Loose and mounted diamonds at city prices, Blakeslee, the leading jeweler.

RETURN FROM A PROSPECTING TRIP

REPORT GREAT ACTIVITY IN MINES ALONG EASTERN PART OF STATE.

A. J. Messer and R. L. Phillips have just returned from a six months' prospecting trip through the eastern part of the State. They report that the Timpahute mine in Blaine county, one of the old properties of early days, is again being worked and with good results. Philadelphia capital has been put into the property and a tunnel is being run to tap the ledge at a depth of 800 feet. A gasoline hoist and air compressor have been installed, and work is being prosecuted at high speed. The values are in silver.

The men say also that they are shipping ore from Morey to Eureka. There is general evidence of prosperity among the miners, and the only drawback is a lack of transportation facilities, and this is being rapidly overcome. Mr. Messer says that prospectors have been finding mineral along the line of the Southern Pacific on the railway grant, and he and his partner were among those who took up claims. They have written to the land department as to whether they can procure a patent on the land, and have received the assurance that the only minerals on the land that can be claimed by the railroad are coal and iron.

Mr. Messer will remain in Tonopah for a week or two, and then go to the coast, where he will spend the holidays.

NEW PLAY ON AT THE BUTLER

Two good houses greeted the Griffiths Musical Company at the Butler last night and barring a few mishaps on account of the first show, everything went off in good shape, and it is one of the best yet seen at the house. Billy Onslow as the Irish janitor is the cleverest yet seen, and Eddie O'Brien as the father and in his comic songs is a sure hit. Fred L. Griffith as the artist is good and Helen Douglas as the artist's sweetheart and model, looked very pretty and is quite clever in her part. Lottie Darragh made good as the servant, although a wee bit nervous when she appeared in her song. The chorus, under the direction of Marie Celestine, continue to do good work and is the best ever seen in Tonopah, and their numbers this week are exceptionally good and represent hard work. The motion pictures were good and seemed to please all.

TRIED TO JUMP THEIR BOARD BILL

A warrant interfered with the departure of D. Zarro and George Oganovich for the coast last night. They had made all the arrangements for their trip with one exception. They forgot to pay their board bill, and an irascible landlord swore out a warrant on the charge of attempting to defraud an innkeeper. Detective Sherlock Carberry halted them at the train and then haled them to jail.

Have you seen our elegant patterns of sterling silver flatware? Geo. F. Blakeslee, jeweler.

SETTLEMENT OF RAILWAY STRIKE

FIRST THROUGH TRAIN COMES IN ABOUT THREE HOURS LATE.

The first through train since last Thursday night came in from Los Angeles last night by the southern route. There was a general strike went into effect on Friday morning, the conductors, engineers, brakemen and firemen demanding that they receive the same wages that are being paid to the men on the Brock road. This was an immense increase over the wages that they were getting, and they refused to handle a car until their demands were acceded to.

News was received here yesterday morning that a settlement had been effected, but the terms of the settlement were not given. The first through train came in three hours late.

Journals, cash books and ledgers—just the thing the merchant needs—best that can be made. For sale at the Bonanza office.
